

ELTA | PROFILE

LAND ROVER DEFENDER (L316) 1990-2016

In 1990 the Land Rover became the Land Rover Defender. This was because in 1989 the company had introduced the Discovery model, requiring the original Land Rover to acquire a name. Throughout the 1990s the vehicle attempted to climb more and more upmarket, while remaining true to its working roots. It became an true British iconic, loved as much in the city as it was throughout the countryside.
