Featuring advanced flat blade technology for uniform pressure across the entire blade, plus, an aerodynamic centre spoiler enhances downforce, maintaining peak performance even at high speeds.

These *Direct Fit* blades are graphene-coated for an ultra-smooth, quieter operation from the very first use.

Equipped with an innovative Advanced Wear Indicator Dot which changes colour to alert users when it's time for a replacement.

Designed for efficiency, these blades fit straight out of the box—no time-consuming adapter changes required—saving your business valuable staff hours.
