VISION **PRO** MIRROR INDICATORS

AN INDICATION OF QUALITY

Mirror indicators play a **crucial role in vehicle safety, improving visibility, and helping other road users clearly see a driver's intentions** when turning or changing lanes. Unfortunately, their exposed position makes them **particularly vulnerable to damage** from everyday knocks, scrapes, and minor collisions.

Now offering 210+ references with coverage for 6,000+ applications including **56 new references, extending coverage across 18 vehicle marques** and a wide range of popular passenger car and LCV applications.

Designed to fit and perform to OE standards, our replacement mirror indicators restore full functionality **without the cost of replacing the complete mirror assembly**. Helping technicians complete professional repairs quickly and efficiently, while keeping vehicles safe, roadworthy and looking their best.
