

VXPRO

OIL LEVEL SENSORS

Accurate oil level data is essential in modern engine management. VXPRO Oil Level Sensors deliver **precise, reliable readings you can trust**; helping protect engines and prevent costly failures, while **championing the aftermarket with OE-quality performance**.

More Coverage. More Opportunity.

For 2026, we've added 77 new part numbers, **expanding the range to 121 parts** and delivering even broader vehicle coverage for today's workshop demands. That means fewer gaps, fewer missed sales, and a stronger offer for your customers.

From boosting shelf presence to enhancing your diagnostic offering, **this expanded range makes it easier to say yes to more jobs.**

STOCKASSIST

Oil level sensors are becoming increasingly common as manufacturers remove dipsticks in favour of electronic monitoring. With StockASSIST, we help stockists identify the **most in-demand references based on UK vehicle parc data** and real-world service trends.

Here are 10 of the most requested oil level sensor references in our UK range:

EE3008

EE3010

EE3022

EE3002

EE3014

EE3004

EE3036

EE3006

EE3042

EE3005
