

VXPRO

# BRAKE DISC SPLASH SHIELDS

VXPRO Brake Disc Splash Shields (also known as dust shields or backing plates) **protect vital brake components**—calipers, discs, sensors—from debris impact or corrosion from road salt and moisture exposure. They are small parts with big impact: **protecting safety-critical components, reducing service frequency, and extending brake life.**

**OE-matching performance.  
310+ references.**

Built to deliver reliable, **OE-matching performance across a growing range of 310+ references**, covering a wide variety of vehicle applications.

Designed to support independent garages and distributors with **strong coverage, dependable quality, and healthy margins.**
