

VXPRO

FUEL VAPORISERS

VXPRO Fuel Vaporisers are **designed specifically for use in select Ford diesel applications where passive DPF regeneration is supported by fuel injection directly into the exhaust system.** These components are precision-engineered to OE standards to **ensure proper atomisation and delivery, which is essential for maintaining DPF performance and preventing regeneration faults.**

**OE-matching performance.
16+ references. 215+ applications.**

Built to match original equipment performance, VXPRO MAP Sensors **give workshops and distributors reliable quality without compromising margin.**

Backed by a 5-year warranty and supported by TechASSIST and StockASSIST, **they help independents fit with confidence and stay competitive.**

STOCKASSIST

Because fuel vaporisers are unique to certain diesel platforms, it's important to carry the right references. With StockASSIST, we help stockists identify the **most in-demand references based on UK vehicle parc data** and real-world service trends.

Here are 10 of the most requested references in our UK range:

TECHASSIST

Free technical support for ELTA parts is available to technicians by phone and WhatsApp. Use text, voice, images, videos and links for our fastest & most effective customer support ever!

Scan the QR code to start a **WhatsApp chat** or call us on **+44 (0)1675 437429*** Mon - Fri 08:00-16:00

*You may be asked the name of the distributor from where your part was purchased.

Find the Parts You Need. Simple.
