

VISION**PRO** INSPECTION LAMPS

INSPECTION LAMPS FOR EVERY TASK

Built tough for tough jobs, whether in the garage, under the bonnet, or out in the field, **these lamps are steadfast companions** for the workflow of a busy mechanic.

With options including hand-held lamps, pocket-sized torches, and UV leak detection lights, **VisionPRO provides solutions for all workshop tasks**. Built to last, they are trusted by garages, fleet workshops, and mobile repair operators alike.

Clear visibility is essential in every workshop. VisionPRO Inspection Lamps are designed to **give technicians the illumination they need to work accurately, efficiently, and safely**. From quick checks to detailed diagnostics, our range of portable lighting makes every job easier.

**UV LIGHT
FOR CRACK
& LEAK
DETECTION**
