

Lucas

NEW

THE COMPLETE LIGHTING SOLUTION FROM LUCAS

BULB KITS

For over 150 years, Lucas has been synonymous with dependable automotive lighting.

Now, that legacy evolves with the introduction of our **NEW** Lucas 12V & 24V Bulb Kits, engineered for performance and designed for convenience.

PLASTIC-FREE PACKAGING

With plastic-free packaging, a first for this product type in the aftermarket, Lucas is leading the way to a more sustainable future.

IDEAL FOR EUROPEAN TRAVEL

Planning to drive abroad?

A Lucas Bulb Kit is a smart addition to your vehicle.

While not legally required in France, you could face a fine if a failed bulb isn't replaced on the spot.

Having a kit to hand helps you stay compliant and keep moving with confidence.

100%
RECYCLABLE
PACKAGING

ONE BOX. TOTAL CONFIDENCE.

Built to meet the everyday demands of modern vehicles, the Lucas 12V & 24V Bulb Kits (LLZ012 & LLZ024) bring together a comprehensive selection of essential bulbs; ensuring you're prepared for any replacement, at any time.

From headlamps to indicators, interior lighting to auxiliary applications, every bulb is manufactured to deliver the consistent performance and reliability expected from Lucas.
