

VXPRO

# BOOST PRESSURE SENSORS

VXPRO Boost Pressure Sensors monitor **air pressure after the turbo and feed real-time data to the ECU**, ensuring efficient combustion and consistent performance. **Some systems combine this with MAP sensing** and air temperature for greater accuracy.

## Precise Turbo Monitoring. Reliable Performance.

Built to match original equipment performance, VXPRO Boost Pressure Sensors **give workshops and distributors reliable quality without compromising margin.**

Backed by a 5-year warranty and supported by TechASSIST and StockASSIST, **they help independents fit with confidence and stay competitive.**
